Mail this return and payment to:
DEPARTMENT OF REVENUE, CUSTOMER RELATIONS, 915 SW HARRISON

Save time, eliminate errors, and reduce paperwork! File online at @ www.truckingks.org

WHO MUST FILE. Every Kansas based motor carrier issued a permit under the International Fuel Tax Agreement is required to file an International Fuel Tax Agreement (IFTA) Tax Return, Form MF-85, each quarter. Go to www.iftach.org for jurisdiction's current tax rates, tax rate footnotes, exemptions, and contact information.

WHEN AND WHERE TO FILE. This return, properly signed and accompanied by a check or money order payable to the Kansas Department of Revenue, will be considered timely filed if postmarked on or before the last day of the month following the quarter covered by the return. A return is required for each quarter even though no fuel tax is due. Mail the return to: Department of Revenue, Customer Relations, 915 SW Harrison St., Topeka, KS 66625-8000

QUALIFIED MOTOR VEHICLES. All vehicles in the licensee's fleet bearing a Kansas IFTA decal must be included on this return. Qualifying vehicle means a motor vehicle (1) having two axles and a gross vehicle weight or registered gross vehicle weight exceeding 26,000 lbs. or 11,797 kgs., or; (2) having three or more axles regardless of weight; (3) is used in combination when the weight of such combination exceeds 26,000 lbs. or 11,797 kgs. gross vehicle weight.

PREIDENTIFIED RETURNS. This return is to be used only for the motor carrier whose name is printed on it. If you have not received a return for a reporting period, request a duplicate from the department. If the business name, location, or mailing address is not correct, mark through the incorrect information and print the correct information.

AMENDED RETURNS. If it becomes necessary to correct a previously filed return, please make a copy of the original return filed, mark the box at the top that indicates amended return, and make the necessary changes next to the incorrect figures. An explanation of the changes must accompany the amended return.

VERIFICATION AND AUDIT. The records required to substantiate this return must be retained and be available for at least four years from the due date of the return or the date of audit, whichever is later. Records which are required to be maintained in the IFTA Informational Manual provided by this department.

LINE 1 THROUGH 11. Indicate fuel types used. For each type of fuel used, indicate the total miles traveled in all jurisdictions (State, United States District of Columbia, or Province or Territories of Canada) in Column B. Next enter the total fuel purchased and purchased into IFTA qualified motor vehicles in all jurisdictions in Column C. Then divide column B by column C to compute the average miles per gallon (AMG). NOTE: Have your calculator set to the fullest mark. This calculation must be carried to six places and then round to two decimal places. For example, 525000 should be shown as 5.26 and 5.254999 should be shown as 5.25. NOTE: Schedule 85A-IFTA Fuel Tax Computation must be completed for each fuel type.

LINE 12. The total amount due from each Schedule 85A, column H, line 92 PLUS all applicable surcharges.

LINE 13. If this return is filed late, enter ten percent (10%) of the amount on line 12, or \$50.00, whichever is greater.

LINE 16. A balance due or credit resulting from a partial payment, mathematical or clerical errors, penalty, or interest relating to prior returns will be entered in this space by the Kansas Department of Revenue. If the amount entered has been satisfied by a previous remittance or refund, it should be disregarded when computing the amount to remit on line 17.

LINE 17. If the amount on line 16 is a balance due, attach payment. If the amount on line 17 is a credit balance greater than \$10.00, you may check the "REFUND REQUESTED" block and a refund will be issued to you. If the block is not checked, the credit balance will be applied to the next return. Credit balances cannot be carried for more than eight quarters or two years from the date established. Tax returns computed incorrectly will be assessed penalty and interest.

SIGNATURES. This return must be signed by the owner, partner, or corporate officer. If the taxpayer authorizes another person to sign this return, there must be a power of attorney on file with the Kansas Department of Revenue. Any person who is paid for preparing a taxpayer's return must also sign the return as preparer.

INSTRUCTIONS FOR KANSAS SCHEDULE 85A IFTA FUEL TAX COMPUTATION

ROUNDING. All miles and gallons must be rounded to whole numbers. For example, 525.5 must be shown as 526, and 525.4 must be shown as 525.

COLUMN B. Enter the total miles traveled in each jurisdiction for each fuel type listed. Some jurisdictions do not require all fuel types to be reported. Do not add any jurisdictions or fuel types to the list. "Total miles traveled in all jurisdictions" cover page, column B must match the total shown on line 92, column B of schedule 85A for each fuel type!

COLUMN C. All miles traveled in Kansas are taxable miles, but off-highway miles in other jurisdictions are not taxable.

COLUMN D. Divide the amount in Column C by the average miles per gallon from Column D on Form MF-85 for each fuel type. Round this to a whole figure-no decimals.

COLUMN E. Enter gallons purchased during this reporting period on which fuel taxes have been paid. Purchases must be supported by invoices from the vendor retained in your records. "Total gallons purchased in all jurisdictions" cover page, column C must match the total shown on line 92, column E of Schedule 85A for each fuel type!

COLUMN F. Subtract the amount in Column D (Col. 4) from the amount in Column E (Col. 5) to determine the credit figures in Column F.

COLUMN H. Multiply the amount in Column G (Col. 7) by the amount in Column F (Col. 6) to determine the amount in dollars and cents. Enter credit amounts in Column H.

COLUMN I. If there is a balance due for each jurisdiction where the monthly rate is applied, enter the amount by jurisdiction in Column I.

COLUMN J. Total amount due from each Schedule 85A, column H, line 92 PLUS all applicable surcharges.

						\$	\$	\$

If you have completed line 14 (Indiana), line 16 (Kentucky), or line 45 (Virginia)

Total Columns H, I, & J

you must complete the above surcharge line.

Enter the taxable gallon figures from the diesel schedule (col. D) for Indiana, Kentucky and Virginia. Multiply the taxable gallons from each state times the tax rate. Do not include the tax due from surcharges when calculating the total tax due (column H) for line 92001. Add the tax due (column H) for line 92001 to the tax due (column H) from surcharges and transfer this total, and the total from any other diesel schedule (line 12 of Form 85). FOR EXAMPLE: If you have tax due for diesel on line 92001 in the amount of \$100.00 and tax due from surcharges in the amount of \$10.00 (Indiana), \$12.00 (Kentucky) and \$5.00 (Virginia), you would transfer the amount of \$127.00 to line 12 of Form 85.
